TIMM GARCEAU

Landscape Project Management – Hotels / Casino Resorts, Theme Parks and Golf Courses

Timm has 24 years' experience in the landscape industry in the USA and Macau. This includes project management (ensuring they are on time and within budget), some are multi-billion projects - theme parks, casino resorts, hotels and golf courses.

Experience:

- 2013-present: *Director of Landscape, Wynn Design & Development at Wynn Palace, Macau:*
18 acres of landscaping which involved selection of all plant material – 2,600 trees/palms, 532,000+ shrubs sourced from several Asian countries, overseeing the harvesting process and approval of all setting-out prior to planting, ensuring proper placement for aesthetically pleasing results.
- 2010-2013 *Self-employed, Designs by Garceau Ltd., Las Vegas, USA:*
Landscape Delta Resort – harvested, moved and transplanted over 120 large Oak trees.
- 2006-2010 *Project Manager, Wynn Design & Development, Las Vegas, USA;*
Was responsible for \$90 million budget consisting of hardscape, pools, spa, pool deck, pool cabanas, atrium, aroma system, external lighting, selection and procurement of mature trees from Florida, Texas and North Carolina.
- 1993-2002 *Project Manager / Estimator, Environmental Golf & Western Landscape Construction, Las Vegas, USA:*
Started as Project Engineer and then moved up to Project Manager, responsible for construction of the golf course, landscaping homes, streetscapes and parks including coordinating all plant material.

Timm's international experience is at the very highest level of landscape design and installation.
